يا هلا!

Ya Hala! is a textbook series teaching Arabic to non-native speakers at middle school level.

Ya Hala! Level 1 series is a course that helps the learner acquire basic communication skills in Arabic: oral comprehension and reading, as well as oral expression and writing, by using everyday experiences to make the learning process more relevant. The series also invites the learner to discover the culture of the Arab world by focusing on the many countries that belong to it.

- form intermediate-level Arabic sentences that allow him to participate in everyday conversations;
- read and understand original Arabic texts;
- speak and express his needs as a resident in an Arabic-speaking country;
- write full texts in Arabic based on everyday life.

MY MUM HAS CANCER | NUHA HACHACHE (STARTING AGE 6)

Painful is this topic, as such everyone avoids discussing it. Imagine how hard it would be to talk about it with a child, when the person suffering from cancer is his own mother! Contrary to the reader's expectations, the approach in this book is easy and heart-touching. The story reaches out to children and reveals through their innocence and their parents' endless patience, the possibility to deal with this reality as smoothly as possible.
